

Key Features:

- Print speeds are as fast as 8.7 seconds per 4x6 print
- Printers have a space saving design—only 12.6 inches wide by 14 inches deep by 6.6 inches high
- A powerful printer control engine designed to maximize image quality
- Printers have an ergonomic design for easy-access front loading of media and for maintenance

dsseries™ printers

DNP IMS America has revolutionized dye sublimation printing with DS Series™ printers. DS Series printers are high-speed, high-quality photo printers for use in photo labs, photo kiosks, by professional photographers, or in other commercial applications. DS series printers have won the DIMA Digital Printer Shoot-Out three years in a row.

DS Series printers offer unparalleled reliability and ergonomic design for easy access and front loading of media. The front access panel makes maintenance easier and less time-consuming. DS40 and DS80 printers use an exclusive internal print method that safeguards the paper from exposure to dust and other contaminants. The printers feature a cartridge-based ribbon supply that makes loading fast and easy. DS Printers support matte and glossy finishes without changing ribbon or paper.*

DS Series printers have print speeds as fast as 8.7 seconds per 4x6 print. The printers are space-saving and light-weight—12.6 inches wide by 14 inches deep by 6.6 inches high and only 30 pounds.

*In stand-alone mode using Windows print driver

PRINTERS

dsseries™ printers

DS Series printers are competitively priced, high-resolution printers that produce rich photos that display full color details and smooth gradation. The lamination layer on the media provides resistance to fading, fingerprints, water, ozone and dust.

Unlike some photo printing processes that require chemicals or liquids, DS Series printers are easy-to-maintain photo output technology that require minimal care.

DS Series printers are specifically designed to use DNP's high-quality, value-priced dye sublimation media.

Resolution

High-speed mode	High-quality mode
300 dpi	600 dpi

Print Capacity

DS40	L	3.5"x5"	400 sheets
	Postcard	4"x6"	400 sheets
	2L	5"x7"	230 sheets
	A5 wide	6"x9"	180 sheets
DS80	8x10	8"x10"	130 sheets
	8x12	8"x12"	110 sheets

Print Times

Model	Paper	High-speed mode (300x300dpi)	High-quality mode (300x600dpi)
DS40	L 3.5"x5"	8.2 sec	10.6 sec
